

Build Skills. Build Futures. Help Us Raise \$30,000 for the Construction Trades Vocational Program!

The Honorary Deputy Sheriffs' Association is raising \$30,000 to purchase essential "wish list" items for the San Diego County Sheriff's Office Construction Trades Re-Entry Vocational Program—giving participants the tools they need to learn, grow, and build a new future. This hands-on training program teaches carpentry, plumbing, electrical, masonry, drywall, welding, HVAC and more, providing real-world skills and experience in commercial construction environments. Graduates may earn OSHA and HVAC certifications, and can even pursue careers with the Southwestern Carpenter's Union post-release. Every donation helps fund tools, safety equipment, and materials to support training in vital trades that lead to real employment opportunities. Your support helps students not only rebuild walls—but rebuild their lives. Together, let's give these students the tools to build a better tomorrow.

LET'S NAIL IT!

- ✔ Lumber, Drywall & Fencing
- ✔ Batteries and Battery Packs
- ✔ Table & Bench Saws
